Of local Interest.

The strawberry crop is fine. Smittie's band is from Cincinnati. Crab Orchard will have no fair this year.

Candidates are getting as thick as burrs on a sheep's back.

The waterworks lake is full to the brim. This insures water all summer.

Stanford copied the Lancaster premium list verbatim. Help your selves, boys.

Forty seven tickets were sold to Cincinnati, on the excursion, Sunday. Another will run Sunday week.

Mrs B F Walter remembered the Record office with a basket of the largest and best strawberries ever grown in Garrard county.

The "Union Depot," given at court house Friday night, was witnessed by a good crowd, and the Methodist church netted a neat sum.

Col B F Robinson shipped 450 lambs to Cincinnati Monday, which he bought from different parties at 6 cents. They averaged 80 lbs. He bought 75 from Doc Chestnut which averaged 92 pounds.

Capt Ike M Dunn, the auctioneer, has just returned from London and Mt Vernon, where he sold a great many Kansas horses for King, the gentleman who disposed of a car load in this city recently. Capt Dunn sold 56 at Mt Vernon at good prices.

Decoration Exercises.

The local Odd Fellows will hold decoration exercises at the Lancaster Cemetery, Sunday afternoon, June 10, at two o'clock, to which the public is cordially invited. The ministers of the town will deliver addresses and there will be some good music. The members are requested to assemble at the lodge room at one o'clock.

Why Be Annoyed?

We mean, why be annoyed with getting up a dinner, lugging a great basket around, and then sitting on the ground to eat your fair dinner when you can, for a low price, eat at a regular table, with all accommodations and comforts? Mrs Zimmer is going to serve elegant meals on the Fair grounds, and you will be given everything in reason. Now, don't go bending over a hot cookstove preparing your meal, but go to the dining room on Fair grounds and get a good meal and eat it in comfort. By buying family tickets at the restaurant, in town now, you will be given reduced rates.

IMPORTANT NOTICE.

All those interested in entertaining the Garrardites who will return to "the Old Kentucky Home" this month are requested to meet at the residence of Mrs Jennie West this (Friday) evening at 7:30 o'clock for the purpose of completing plans of entertainment. It is proposed to have an entertainment one evening, and Mrs West has kindly offered her lawn for the purpose. Attend this meeting, or the plan will not materialize. Every other county in the state has completed arrangements long ago.

The WCTU will serve ice cream and cake in the Park next Saturday afternoon, beginning at three o'clock. Only ten cents for cream and cake.

Nearly all the foundation of the Garrard hotel has been broken by the chain gang, and the rock will bespread on the streets.

Two Lancaster colored men, Theodore Young and Ed Anderson, were shot in a fight at Lockland, near Cincinnati, Sunday. Young is not badly hurt, but it is thought Anderson will die. They were fighting with Cincinnati negroes. Young is a hardworking boy, while the other is the coon who escaped from the Lancaster rock pile some time since.

Good Resolutions By Council.

The City Council met in regular session Monday night and transacted quite a lot of routine business. Several kicks were registered about hog pens, loose stock and weeds, and the police were instructed to enforce the laws, strictly, and Messrs Beasley and Herron are busy informing the people who are raising hogs under their neighbors' nose and pasturing stock on the streets. It was ordered that the little Park be put in decent shape and the streets cleaned. If the City Dads will not weary in well doing and keep the good work going, our little city can, by hard work, be put in decent sanitary condition before the next snow falls.

Fires and Typhoid Fever.

Lancaster has always suffered from an epidemic of typhoid fever. Those who heard the lecture of Dr J N McCormick, secretary of the State Board of Health, recently delivered in this city, must be impressed with the fact that this dreadful malady is spread by the common house fly. One fly can carry 3,000 of typhoid germs for one mile and deposit them on the food we eat, the liquids we drink or the utensils we use for those purposes. With the foregoing facts being so prominent before our people, we feel that something should be done to diminish the spread of the disease, and we know of no better way than to follow the advice of Dr McCormick, which is to screen the doors and windows of our dining rooms and kitchens. We would further suggest that everyone begin a war on the fly by the use of fly paper, and, if we would all begin this at once, we would almost exterminate the fly family in Lancaster. Screen your doors and windows, and every body put out fly paper, and let us make a united and determined fight against this carrier of the fearful typhoid—the house fly.

Going The Limit.

The stockholders of the Lancaster Fair, decided to go to the limit of their ability for music this year, so have made a contract for Smittie's Band, of Cincinnati, to furnish the music during the three days of the meeting. He is to bring twenty men, and the cost thereof is something "fierce," to use a slang expression, but the management decided that the people would enjoy concerts by a big band as much as anything they could secure, so decided to go the limit. Smittie seldom plays in country towns, his figures being too steep, but he has signed a contract, and the people are assured of music at the Lancaster Fair the like of which no other country fair association is willing to secure.

Brother Barnes Here.

Rev Geo O Barnes, the noted evangelist, arrived in Lancaster Saturday afternoon and began a series of meetings at the court house that night. Notwithstanding the fact that no notice of his coming had been given, a good many people were present to hear his message of "God is Love, and Nothing Else." Bro Barnes was born and raised in Lancaster, but sad as it is, only a few citizens are here now who were here during his boyhood and early life in the ministry. He went from Lancaster to the Mexican war, and the only veteran left in Lancaster today, who shouldered a musket and went from this town is Capt. Frank J White, the veteran tyro, who resides on Richmond street. Bro Barnes is well advanced in years, and, while he shows the effects of the hard work he has done in his Master's vineyard, yet his mind is as clear, his memory as perfect and his arguments as forcible as when in prime of manhood. Some of our older citizens recall with much pleasure the meeting Bro Barnes held in this city many years ago, when the court house was packed to suffocation at every service. They will likewise never forget the sweet singing by his daughter, Miss Marie, whose tender notes went straight to the heart of every hearer. Miss Marie is today conducting a fashionable boarding house in Washington City, and does not travel with her father.

HON. R. W. MILLER

Announced For Congress, Subject To The Action of the Democratic Party

Richmond Register:—Hon R W Miller formally announced his candidacy for the Democratic nomination for Congress this morning. For two years it has been conceded that Madison County would have a candidate in the field, those mentioned being Messrs R W Miller, J A Sullivan and J Tevis Cobb. Mr Cobb's health would not permit him to make an active canvass, while Mr Sullivan's large legal and business connections rendered it inadvisable for him to enter the contest. Mr Miller has long had an eye on Congress and his friends throughout the District have prevailed upon him to make the race from start to finish. With due respect to other aspirants,

it is not too much to affirm that there is not in the state a man better equipped for the congressional seat than Mr Miller. His brilliant legislative experience for four years amply attested that. Learned in the law, un surpassed in eloquence, of splendid scholarly attainments, he will bring to the discharge of the duties of the high office ripe experience and masterful ability. He is a graduate of Central University, '88; the Law Department of the Yale University, '90; Lecturer in Central University and Dean of the Law Department thereof. His subsequent legislative experience is a bright chapter in Kentucky's recent history. He has performed brilliant newspaper work, and as proprietor of the Richmond Register, and is now a leading member of the Richmond Bar and has been for many years.

While serving in the Legislature he attained great prominence by the stand he took in several questions of public interest. One of these was the effort to change Casey county from the Eleventh District. Mr Miller bitterly fought this measure and was largely instrumental in its defeat. Had this measure carried, this district would undoubtedly have been changed to Republican. He succeeded in establishing the Geological survey, the main object of which is to investigate and represent the natural resources of the State. His experience with the lobbyists is still fresh in the minds of readers. In spite of their threats of defeat him for any office to which he might aspire, he was victorious over them winning in this, signal distinction. He further figured prominently in the fight for the annual accounting Policy Holders bill, and is known as the father of the Normal School bill which provided two Normal schools for the state of Kentucky, one of which is located at Bowling Green and the other at Richmond.

Until his election to the Legislature he was Chairman of the Madison County Democratic Committee, and a member of the Eighth District Executive Committee.

His father, Hon Wm C Miller, was the most popular man that ever lived in this county. He held the office of County Judge until his death. His great grandfather was the founder of Richmond. His maternal grandparents, the Pattersons, lived in the county of Mercer. Not only does Mr Miller possess acknowledged capacity and fitness for the most exalted legislative duties but he is descended from Kentuckians with honorable congressional records. His great uncle, John White, the trusted friend of Henry Clay, was speaker of the National House; his cousin, Hon Addison White, now of Hustonville, Ala., represented this district in congress.

Dick Miller, as he is called, has always been leader in whatever circle he moved, in college, in social and political life. His election to Congress would give not only to this District and to this State, but to the South, a man capable to cope in all emergencies with the brilliant leaders of the Republican party. He enters this contest with the enthusiastic and united backing of his home county.

Judgement For \$2,500.

Leslie D Herndon, who was injured in the mail car near Harrodsburg some time ago, was given a verdict for \$2,500 in the Mercer circuit court last week. He was badly injured in a wreck on the Southern Railway.

Evelyn Geh sawford who conducted the entertainment at the court house Friday, has been in Bryantsville directing rehearsals for the "District Skule," which will be given in that city tonight for the benefit of the Methodist Church. She is well-equipped for this work, and our people can heartily recommend her. She is also a reader of ability.

Blessings Be With 'Em.

Ten or fifteen negroes left on the Sunday excursion for Cincinnati and points in Ohio, where they say they will seek employment. This sounds like business, but when our readers are apprised of the fact that they were Battle Row coons who have been put out of business by the enforcement of the local option law, they will utter a hearty "Amen," and trust no return tickets were issued to the dissatisfied "citizens" who say Lancaster is no good. There are several more coons and as many white men, who will be supplied with free ONE WAY tickets, if they will only follow in the footsteps of the coons who Sunday morning shook Lancaster dust from their feet.

Can Not Haul Booze.

The Adams Express Company has notified its agents all over Kentucky of its intention to abide by the law enacted by the last Legislature forbidding the shipment of whiskey into local option territory and has sent explicit instructions to every agent in the state covering the law. The agent is directed to examine every suspicious looking package, and if he suspects it contains whiskey he must ask the sender, if the latter declines to answer the agent is directed to refuse the package. The Bowling Green News says the whiskey jobbing houses there have shipped \$25,000 worth of whiskey a year into local option territory.

Real Estate Transfers.

Hughes & Sinebroad, real estate agents, report that they have just sold to Mrs Mary A Hamilton the Joseph property on Stanford street, and also sold to Mrs Elizabeth Joseph, the residence on Lexington street owned by Mrs Hamilton, at good prices. There is an increased activity in Lancaster real estate, several parties having been in our City within the past week, with the view of purchasing property and locating here and engaging in business.

Lancaster, Ky., June 8, 1906

In this issue of The Record is the
announcement of Hon. Richard W
Miller, of Madison, who wants to be
the democratic nominee for Congress
in this district. We know of no man
better equipped for the place, nor one
who will work harder for the interests
of his constituents. A man of excep-
tional ability, industrious, honest
and with a character absolutely un-
assailable, he would make a record of
which all, Democrats and Republicans
alike, would be proud. He has a legion
of friends in the district, and no small
number thereof reside in Garrard.

A Wilkesbarre, Pa., man professes
to have found in an old family Bible
papers that prove his title to real
estate "in the heart of New York"
worth \$300,000,000. This is doubtless
a fake story, but if he will continue
his search in that blessed book he will
find a home worth many times that of
a mount, and it will not be in the heart
of New York either.

Some fellow has figured that there
were 6,000,000,000 telephone calls
made in this country last year, and
yet the preachers stand in the pulpit
and say swearing is on the decrease.

Our foreign trade continues brisk.
An Austrian baron has just sold his
title to a Pittsburgh millionaire for
\$100,000. Pittsburgher incidentally
throwing in his daughter to boot.

One of the best indications that
Home-Coming week will be a great
success is the abundant crop of fine
mint. It has never been known to be
better than this year.

Have a Good Stand.
The Record urges the directors of the fair to erect a good stand for the band this year. The arrangement last year was a complete failure, the canvass covering completely killing the sound. The band should be placed either alongside the seats for spectators, or the present stand made about ten or fifteen feet higher. This should not be overlooked, as the music will be a complete failure on the present stand.

Kentucky Home Coming Week Brevities.

Louisville will be decorated and illuminated as never before—a sea of color by day, a flood of light by night. Throughout the week there will be home parties and receptions and many clubs and fraternal bodies will keep "open house."

Old familiar hymns will be a special feature of "Till We Meet Again" services on Sunday, June 17.

Nearly every county in the State is making preparations to "put the big pot in the little one" for former residents the week after the big event in Louisville.

The exhibition of relics, which will be limited to Kentucky history, is to contain much to interest all visitors. It will be installed in glass cases in the gymnasium of the new Armory.

All descendants of Daniel Boone are to be shown special attention on the day named in honor of the great pioneer.

Guests' badges are to be distributed from the head quarters assigned to the different counties in the Armory. A special copyright design—celluloid buttons in several colors, depicting Kentucky history, attack by Indians of a fort, bar of music of "My Old Kentucky home," head of Daniel Boone, etc, with two ribbons attached—the badge is very attractive.

The Kentucky Hall of Fame will have portraits of more than 100 sons and daughters of Kentucky who have helped to make the State illustrious.

Two hundred young men from Louisville's high schools have volunteered to act as members of the information bureau. They will meet all trains during the "Week" and give information to visitors.

Bands and orchestras will make the music of the occasion, and in addition choruses will help swell the volume of harmonious sound.

Governor Beckham has appointed a commission to officially represent each county of the State. These commissioners have appointed hostesses and vice commissioners and maids of honor to serve with them at the county headquarters to be established for each county in the Armory, at which former residents will be welcomed and will receive badges.

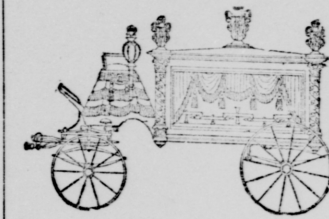

Louisville's famous organization—"The Kentucky Colonels"—will act as special escort to the distinguished ex-Kentuckians on the program.

Numerous county rallies will be held during the "Week."

The Home Coming Association has arranged with the Baldwins, the successful air-ship demonstrators of the St Louis World's Fair and the Portland Exposition, to exhibit their latest improved air-ship in Louisville during Home Coming week. The High School athletic grounds at Brook and Breckinridge streets, will be used as an aerodrome. The air ship will be exhibited daily from 9 o'clock a. m. to 1 o'clock p. m. On Monday and Tuesday of "Home Coming Week" it will be shown all day. Flights will be made daily, the weather permitting over the entire city.

Here's Gospel Truth.
Our esteemed contemporary, The Kentucky Advocate, voices our sentiments exactly when it says: "It seems very funny for the leading merchants of a city to appeal through the newspapers for the people to trade at home and spend their money with the home stores and big city stores for their goods, and at the same time when you go to a place that will present you with a statement printed by an out-of-town corner or a cheap letter head gotten up by a wholesale house, they deal with and given to them for the advertising. Those who cry so loud and persistently should be first to set the example."

How to Break Up a Cold.
It may be a surprise to many to learn that a severe cold can be completely broken up in one or two days' time. The first symptoms of a cold are a dry, loud cough, a profuse watery discharge from the nose, and a thin, white coating on the tongue. When Chamberlain's cough remedy is taken every hour on the first appearance of these symptoms, it counteracts the effect of the cold and restores the system to a healthy condition within a day or two. Health In Lancaster.
R E McRoberts Care of Digestion
Solves Problem of Long Life.
No one in Lancaster has a better chance than the druggist to know the condition of the city's health, and what diseases are the most common.
R E McRoberts believes that the problem of long life is solved by proper care of the digestive organs. Let the stomach get out of condition and soon will be nervousness, irritation furred tongue, specks before the eyes, weakness, debility, indigestion, and other physical and mental troubles that directly result from a weakened stomach.
Of all the vital organs, the stomach is the most frequently abused, and hence, the one which most frequently fails, and so with the discovery of a remedy like M I O n a stomach tablets, which is sold on an absolute guarantee to strengthen the digestive system, and in assimilation of food, and cure all troubles caused by indigestion, an important step has been taken towards solving the question of good health and long life.
Take one of the little M I O n a tablets before each meal, with the fixed determination that you are going to get well, and it will not be many days before you can eat anything without fear of indigestion.
R E McRoberts sells M I O n a on an absolutely guarantee to refund the money if it does not cure. A large box of the tablets costs but 50 cents, if it helps you; nothing if it fails.

Unknown Friends.
There are many people who have used Chamberlain's Colic, Cholera and Diarrhoea Remedy with splendid results, but who are unknown because they have hesitated about giving a testimonial of their experience for publication. These people, however, are none the less friends of this remedy. They have done much toward making it a household word by their personal recommendations to friends and neighbors. It is a good medicine to have in the home and is widely known for its cures of diarrhoea and all forms of bowel trouble. For sale by R E McRoberts the reliable druggist at Lancaster. Im

"Speak for it!" she cried to doggie. For she knew in her little heart, That German Syrup, home's great treasure, Could health and joy impart.

"The greatest tonic on earth is a good night's rest. Restless nights and the terrible exhaustion of a hacking cough are dread dangers of the poor consumptive. But why this fear of the night when a few doses of Dr. Bosche's German Syrup will insure refreshing sleep, entirely free from cough or night sweat? Free expectation in the morning is made certain by taking German Syrup."

"We know by the experience of over thirty-five years that one 75-cent bottle of German Syrup will speedily relieve or cure the worst coughs, colds, bronchial or lung troubles—and that, even in bad cases of consumption, one large bottle of German Syrup will work wonders."

"Two sizes, 25c and 75c. All druggists."
